

Hi my nickname is [gigantus](#) . This tutorial will teach you to turn

This TO THIS

this is my first tutorial so please bear with me.

:NOTES:

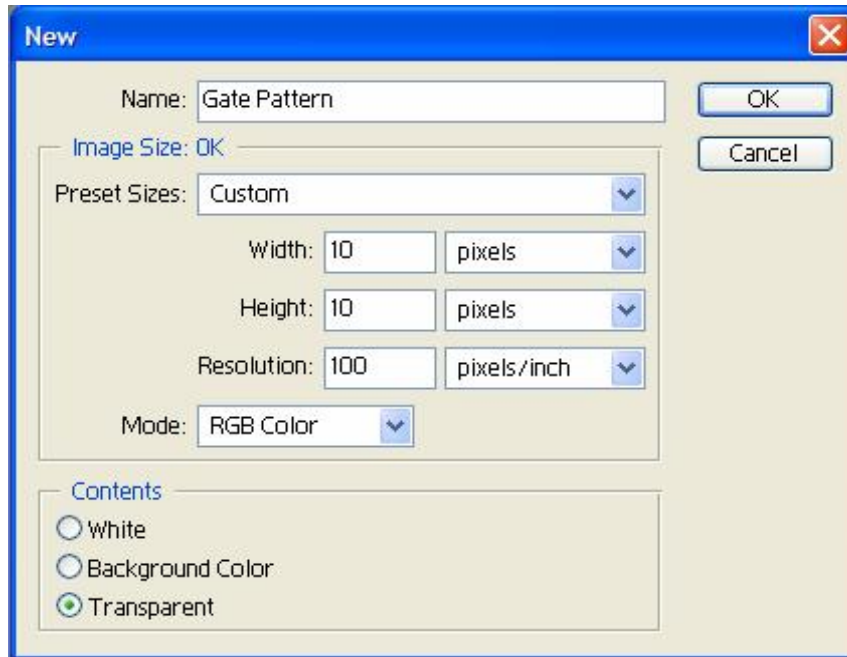

LINKS ARE IN [BLUE](#)

THINGS THAT NEED YOUR ATTENTION ARE IN **RED**

WHEN YOU MAKE SOMETHING WITH THIS PLEASE SEND ME A NOTE AT [MY E-MAIL](#) ADDRESS

:Step One:

first make a new picture (ctrl+n) with these settings:

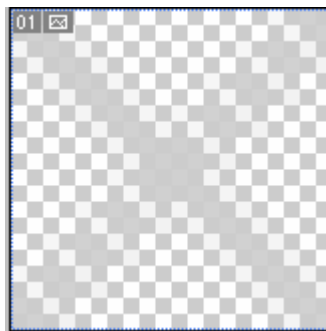

:Step Two:

FIRST ENLARGE THE DOCUMENT SO YOU CAN SEE IT .

THEN Select the  and set the **Weight: 1 px**

then draw an X like so

you might not be able to see it in the preview coz I used the color gray [205,205,205]

:STEP THREE:

Go to edit > define pattern and you should get this window

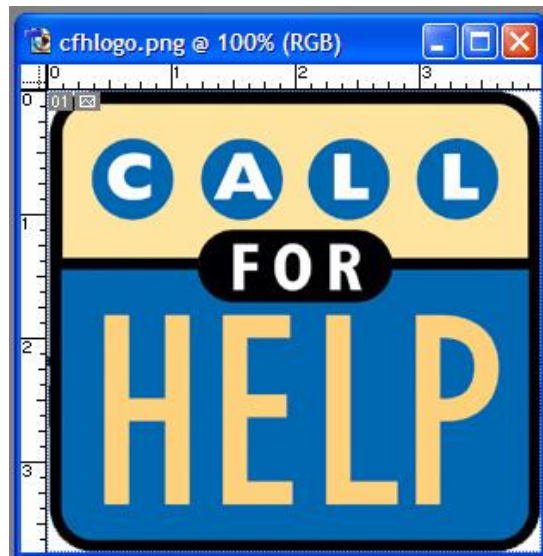

Give the pattern a name , mine is "Gate Pattern"

:STEP FOUR:

Open a picture that you want to insert the pattern into.

mine is the [Call For Help](#) logo)

:STEP FIVE:

Then click the  button to create a new layer or press ctrl+shift+n

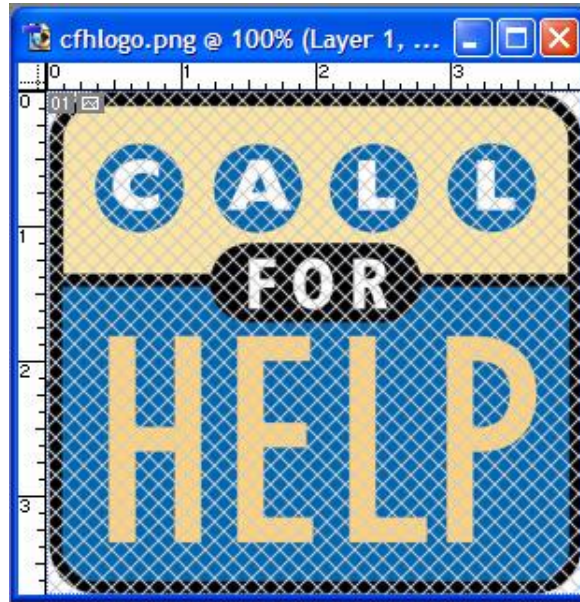

select your new layer and name it pattern. Then select the  and make its settings as following

Select fill mode to pattern and pattern to the pattern we created earlier on.

select the pattern layer and fill it with the  tool.

And voila you get this

That's the end of my tutorial and if you want to see my deviations click [here](#)
